PROFESSIONAL SUMMARY

Data Science and AI graduate who builds SQL/Python analyses, Power BI dashboards, and RAG-based AI tools. Holds IBM AI Engineering and Google Data Analytics certificates. Seeking an entry-level Data Analyst, Business Intelligence, or AI Engineer role.

EDUCATION

B.Sc. in Data Science and Artificial Intelligence | Yarmouk University

Sep 2022 - Sep 2026 | Grade: Very Good

TECHNICAL SKILLS

Data analysis: SQL (MySQL, SQLite), Python, pandas, NumPy, data cleaning, validation, exploratory analysis.

Business intelligence: Power BI, DAX, KPI dashboards, Excel, PivotTables, Power Query.

AI and machine learning: RAG, LangChain, Chroma, embeddings, LLM APIs, scikit-learn, model evaluation.

Tools and coursework: Git, Jupyter, Linux; PyTorch, TensorFlow and Keras coursework; FastAPI and PostgreSQL exposure.

PROJECTS

Cyclistic Bike-Share Analysis | *Python, SQL, Power BI*

- Analyzed 6.01 million cleaned trips and built a three-page Power BI dashboard. Found a 37.2% weekend share for casual trips versus 23.3% for members, informing three proposed campaign tests.

Olist Delivery and Customer Reviews | *SQL, Python, Power BI*

- Analyzed 96,353 joined records (95,824 orders): 7.99% of records were delayed; reviews averaged 2.57/5 versus 4.29/5 on time. Recommended monitoring delay segments and improving delivery updates.

PDF Question Answering Bot | *Python, LangChain, Chroma, Gradio*

- Built a document-based RAG app with Gemini, source pages and local retrieval; 35 offline tests passed.

BAYYAN AI | *Graduation project | Feb - Jun 2026*

- Arabic-first tax assistant with RAG, FastAPI, PostgreSQL, and a deterministic Python engine; 42 calculation and regression tests passed.

TRAINING EXPERIENCE

Inventory Controller Trainee | Pella Pharmaceuticals | 2026 (one month)

Audited inventory records and reconciled stock counts, ensuring data accuracy.

Programming Trainee | 42 Irbid, Crown Prince Foundation | Sep - Oct 2025

Completed peer-reviewed C/Linux tasks, strengthening debugging and practical problem-solving.

CERTIFICATIONS

IBM AI Engineering Professional Certificate | IBM / Coursera | Oct 2026
Google Data Analytics Professional Certificate | Google / Coursera | Sep 2026
Data Analytics Essentials | Cisco | Aug 2026
Generative AI: Prompt Engineering | IBM | Jan 2026
Fundamentals of Deep Learning | NVIDIA | Dec 2024
Kiron: Human Skills (May 2026) | Boost Your Career with AI (Mar 2026)
Languages: Arabic (Native) | English (Professional Working Proficiency)
